## 2. LOGIN PAGE

The screenshot shows the login interface for the NEVT platform. At the top, there is a navigation bar with links for 'NEVT', 'CARS', and 'LOGIN'. On the right side of the navigation bar are two search input fields with a 'Search' button next to each.

The main content area has a title 'LOG IN' centered at the top. Below it is a form with two input fields: 'Email address' and 'Password'. The 'Email address' field contains placeholder text 'Enter email' and a note below it stating 'We'll never share your email with anyone else.' The 'Password' field also has placeholder text 'Password'.

Below the form is a 'Login' button. Further down, there is a footer section containing four columns: 'NEVT' (describing the company as a fictional startup excelling in New Energy Vehicles), 'PLATFORM' (links to 'About' and 'Search Cars'), 'USEFUL LINKS' (links to 'Track Orders' and 'Check Cart'), and 'CONTACT' (company address and contact information). At the very bottom of the page is a copyright notice: '© 2023 Copyright:WAA Project CAR ECOMMERCE PLATFORM'.

### 2.1 VALIDATION CHECK

This screenshot shows the same login interface as above, but with validation errors displayed. The 'Email address' field now contains the error message 'Email format incorrect'. The 'Password' field contains the error message 'Password is too short'.

The rest of the page, including the footer with company information and the copyright notice, remains identical to the first screenshot.

### TESLA MODEL Y

Starting Price: \$ 32890

Stock: 20

The Tesla Model Y is a battery electric mid-size crossover SUV built by Tesla, Inc. since 2020. The Model Y is based on the Model 3 sedan platform.<sup>[4]</sup> It shares an estimated 75 percent of parts with the Tesla Model 3<sup>[5]</sup> which includes a similar monocoque frame and electric powertrain. The Model Y fills a smaller and less expensive segment than the mid-sized Tesla Model X.<sup>[6]</sup> Like the Model X, the Model Y offers optional third-row seats for a seven-passenger seating capacity.<sup>[7][8][9]</sup> Unveiled in March 2019,<sup>[10]</sup> it started production at its Fremont Factory in January 2020,<sup>[11]</sup> and started deliveries on March 13, 2020.<sup>[12]</sup> In the first and second quarters of 2023, the Model Y outsold the Toyota Corolla to become the world's best-selling car, the first ever electric vehicle to claim the title.

**TESLA MODEL 3**

Starting Price: \$ 28000

Stock: 19

The Tesla Model 3 is a battery electric compact executive car with a fastback body style built by Tesla, Inc. since 2017. The Model 3 was marketed as being more affordable to more people than previous models by Tesla. The Model 3 was the world's top selling plug-in electric car for three years, from 2019 to 2020, before being knocked from the top spot by the Tesla Model Y, a crossover SUV based on the Model 3 chassis. In June 2021, the Model 3 became the first electric car to pass global sales of 1 million. A refresh of the Tesla Model 3 was introduced in 2023, offering a revised exterior and interior.
